

HiStore[®] lite

HiStore[®] lite

Storage that maximises the full height of your office walls without the complexity or installation costs of built-in furniture.

Supplied flat-packed for convenient delivery, this floor-to-ceiling storage system is easily assembled without the need for specialist carpentry skills or equipment.

HiStore Lite is available in heights from 2330mm to 2905mm, in 25mm increments, and is offered in an extensive palette of finishes encompassing woodgrain, solid colour and soft touch MFCs, and real wood veneers.

Single door modules are offered in 400mm and 500mm widths, and double door modules in 800mm and 1000mm widths.

400mm wide modules are also available configured as lockers, with a choice of five individual locker sizes, and options including combination locks, engraved numbering and letter slots.

Seating modules are offered in four widths from 800mm to 1500mm.

With its extensive choice of options and internal fittings, HiStore Lite provides an attractive and practical solution to maximising workplace storage.
